

# YORK COUNTY'S GOP ENDORSES H. EARL PITZER

The announced candidacy of former Third District Assemblyman George A. Gooding, Loganville fruitgrower for the Republican nomination for congressman from the 19th District was unanimously endorsed Thursday night by the party's York County executive committee.

The committee also gave unanimous approval to Floyd Woodrow Musselman, Camp Hill, and H. Earl Pitzer, Aspers, as delegates to the national convention and to York Attorney W. Burg Anstine and Ralph K. Lefever, Dillsburg, as alternates.

County Chairman Theodore F. Freed said the committee may act later on candidates for the four seats at stake in the state's legislature and for state committeeman and woman.

**Set Precedent**  
The action of formally and unanimously endorsing a candidate for the party's nomination for congressman in the primary was unprecedented in York County, a spokesman familiar with the situation said today.

The Adams County executive committee previously endorsed Mr. Gooding for the congressional nomination and the Cumberland County executive committee, which recently withheld endorsement awaiting action in York County, is expected to make the support unanimous in the three-county district.

Mr. Musselman and Mr. Pitzer, the latter Adams County Republican chairman, previously received endorsement by the Cumberland and Adams County committees, which agreed to back the candidacy of the two alternates from York County.

**May Face Quigley**  
Gooding, who has served seven terms in the state legislature and 27 years as a school director was given the nod over former Congressman Chester H. Gross, York real estate dealer, who filed his nominating petitions earlier this week. Roy W. Smith, Dillsburg engineer, who has positions in circulation but has not announced his candidacy, and Garrett P. Moensen, Newville manufacturer, who became a candidate this week.

The Republican candidate is likely to oppose incumbent James M. Quigley, Camp Hill attorney, who reportedly has the backing of the Democratic organizations in all three counties in his as yet unopposed bid for re-election.

## Young Republicans For 'Preservation'

The Young Republicans Committee of Pennsylvania at a recent meeting at Harrisburg adopted a resolution calling for "joint action to establish safeguards against further commercialization of the Gettysburg Battlefield."

The resolution is addressed to President Eisenhower, the secretary of the interior, the governor and congressional delegation of Pennsylvania, local borough officials, state veterans' groups, historical societies in the state and members of the state legislature.

Noting that there are presently no "adequate safeguards against further desecration of this treasured area," the committee sent a copy of the resolution to Dr. Robert L. Bloom, secretary-treasurer of the Gettysburg Battlefield Preservation Association.

An accompanying letter expressed the concern of the Young Republicans for the preservation of the battlefield.

Metz said he had interrogated all of the jurors who had returned a verdict against him and all said one of the reasons they found him guilty was "because the court said I was lying when I said I did not have enough money to hire a lawyer." The court said that Metz got into trouble "by sticking your nose in where it didn't belong."

# NBC INSISTS PAAR MAINTAIN FULL CONTRACT

NEW YORK (AP) — The National Broadcasting Co. insists that Jack Paar, who dramatically quit his TV show Thursday night, must live up to his contract.

Paar, who says he is through with his program, signed a contract last summer to continue on "The Jack Paar Show" until the fall of 1962.

Amid the furor over the comedian's walkout, stemming from the network's censorship of an anecdote, NBC Friday issued this statement: "We expect Mr. Paar to fulfill his contractual obligations. He is not free to perform on any other broadcasting facilities."

At his Bronxville home, Paar said he would definitely not return to his coast-to-coast program, but indicated he doesn't want to leave television forever. Paar also said he hopes to carry out a commitment for three "spectaculars."

**Doubts Paar's Return**  
In Chicago Friday night, Hugh Downs, announcer for the Paar show, said he doubts Paar will return to the program.

Downs, in Chicago to make a film for a private industry, told a newsmen: "I hope he will (return), but I can't really expect it."

Downs, mentioned as a possible successor to Paar, said he expects to be on the program Monday night. But he left a bit of doubt when he added: "Things are relative."

Paar, 42, reportedly has rebuffed all attempts by NBC officials to reach him and iron things out.

An NBC spokesman said he was not immediately able to say whether the network could sue Paar for breaking his contract.

Some estimates were that the Ohio-born comedian received \$500,000 a year. No exact figures have been made public.

**Angry Over Deletion**  
Paar became infuriated when NBC deleted a portion of his Wednesday night show dealing with an anecdote concerning correspondence over the initials W.C.

The story told of an English lady who wrote to a prospective Swiss landlord asking if the room she reserved had a W. C. In Britain, that means water closet or toilet.

The Swiss recipient thought W. C. meant wayside chapel and answered accordingly. The resulting confusion was the nub of the joke.

Paar thought the story funny and "very innocent."

NBC disagreed, and cut 4 minutes and 52 seconds out of the tape and replaced it with a news summary.

"NEVER FORGET TO PRAY"

Treading along the roads of life... struggling day by day... people forget an important thing... when they forget to pray... prayer is the key to faith and hope... without which all is lost... oftentimes a little prayer... helps us to pay the cost... prayer drives temptation from our hearts... it is a force for good... prayer is the guiding light of God... leading to brotherhood... pray when misfortune plagues you... each word will ease the pain... giving you will to follow through... and strength to stand the strain... never forget what I have written... and you will conquer dismay... that is, if you will bear in mind... "never forget to pray."

# From Mouths Of Babies

**The Associated Press**  
Mrs. D. T. Broderick of Gulfport, Miss., told her 3-year-old daughter, Karen, who had a cold, that she would fix her an aspirin in water.

Brother Danny, 6, told Karen: "Why don't you take aspirin like I do? I don't use water. I just put it in my mouth and swallow it to death."

In Lansing, Mich., a little neighbor girl was walking past the home of Mrs. Ernest Miller with her small brother.

"Can your little brother talk, Dorothy?" Mrs. Miller asked.

"No," said Dorothy. "He has his teeth, but his words haven't come in yet."

The young daughter of Mrs. J. D. Moore, of Baton Rouge, La., had just witnessed a concert and announced with complete confidence that she knew how to play the harp.

"I bet you don't," her brother said.

"Of course I do," she said. "You just sit like this and hold the harp like this."

"Okay, smarty, then what do you do?" the brother asked.

"Then you just start harping," she calmly replied.

The lights went out one gloomy afternoon during a fifth grade history class in a New Orleans elementary school.

When the teacher wondered what they should do, one boy suggested, "Let's play ghosts, and I'll be the school spirit."

Seeing her son, Mike, 3, scooting across the floor, Mrs. Louis Levy of Tulsa, Okla., asked what he was doing and the youngster replied he was a watchdog. She asked if he knew what a watchdog did and Mike replied: "Sure. He tells time."

Mrs. John F. Roeling of New Orleans took her son for his first ride in the new station wagon. "How do you like it?" she asked.

"It's a real nice car," he said. "Two seats and a back room."

**Man Convicted Of Slaying Girl, 15**  
GREENSBURG, Pa. (AP) — William R. Graham, 53, has been convicted of first degree murder in the bludgeoning slaying of 15-year-old Marcia Cordon of Shawtown. A Westmoreland County Criminal Court jury of seven men and five women deliberated for about three hours before returning the verdict Friday night.

The jury was slated to hear additional testimony today to determine the sentence. This is a new procedure in first degree murder cases in Pennsylvania. It is required by a law passed by the 1959 state legislature.

Under a previous law, a jury returning a first degree verdict also pronounced the penalty of life imprisonment or death without hearing additional testimony.

# France Fires Plutonium Bomb In Sahara Desert

**By HARVEY HUDSON**  
PARIS (AP) — France exploded a plutonium bomb deep in the Sahara Desert today and became the world's fourth atomic power. President Charles de Gaulle announced France's first nuclear blast in a communique issued by the Defense Ministry. It declared France is now in a better position to negotiate with the United States, Britain and the Soviet Union toward nuclear disarmament.

The terse communique said an "atomic device" went off successfully from a tower at Point Zero at Tanzerouf, deep in the desert near Reggane at 6 a.m.—1 a.m. EST.

**No Radioactive Fallout**  
The explosion came after more than a year in which no atomic blasts had been announced by the other powers pending negotiations on a test ban. France had made plain, however, she did not feel bound by this "gentlemen's agreement" to ban tests.

Three hours after the bomb exploded the Defense Ministry said that there was no radioactive fallout in inhabited regions of the Sahara area.

News of the blast was flashed from the test site 1,500 miles south of Oran to De Gaulle in Paris.

**Like First A-Bomb**  
The announcement said the power of the bomb was what had been expected. It was understood to be equal to about 20,000 tons of TNT—the strength of the first American A-bombs to hit Hiroshima and Nagasaki at the end of World War II. The Sahara blast is expected to have the following effects on diplomatic and military fronts:

1. Strengthen De Gaulle's hand when he plays host to Soviet Premier Nikita Khrushchev next month and during the French President's ensuing trips to London and Washington.

2. Mark a big step toward giving France atomic capability although she will not have an appreciable nuclear punch until 1963.

**Boosts Morale**  
3. Boost the morale of French military leaders who have been sensitive about not having atomic weapons in their arsenal, a factor that could improve French cooperation within the North Atlantic Treaty Organization.

The explosion will also go a long way toward restoring the power of France in the councils of the world—one of De Gaulle's prime aims since he took power in 1958.

The bomb was an all-French effort. The government had previously denied any foreign technicians were used.

The United States had furnished France with enriched plutonium but all this had gone into other atomic energy projects.

# REPORT SPLIT ON DELEGATES TO GOP MEET

HARRISBURG (AP) — Republican statemakers apparently have agreed on a ticket for three statewide offices. But there were reports of a split on the naming of delegates-at-large to the GOP presidential nominating convention this summer.

The 29-member Republican State Executive Committee and the 113-member State Committee were expected to endorse today the plan of Aud. Gen. Charles C. Smith and State Treasurer Robert F. Kent to run for each other's jobs. The two are prohibited by law from successive terms in their present posts.

Endorsement of Judge Blair F. Guntner for another 10-year term on state Superior Court also was anticipated.

But the slating of delegates-at-large and alternate delegates shaped up as something less than harmonious.

Andrew A. Gleason, Cambria County GOP leader, was reported ready to endorse some of the choices backed by the state's party chairman, George I. Bloom. These include: Bloom himself; Jay Cooke and Mrs. Gaynell Dixon, members of the GOP National Committee; Sen. Hugh Scott; Mrs. Ruth Glenn Pennell, the state party's vice chairman; Mrs. Marian Day, president of the State Council of Republican Women; Willard F. Rockwell, finance committee chairman; the state Senate's president pro tempore, Mr. Harvey Taylor, and Joseph N. Pew Jr., oil executive.

Bloom said he had heard about Gleason's reported opposition. He would not comment.

The state committee picks 10 delegates-at-large and 10 alternates. The remaining 60 Republican delegates will be chosen in the April 26 primary election, two from each congressional district. All delegates in the Republican bloc have one vote each.

Democrats already have slated their delegates-at-large and alternates, with a half-vote each, in addition to candidates for the three statewide offices.

**Today's Talk**  
**NEVER HURT ANOTHER'S FEELINGS**  
A person's feelings are the most cherished and sacred of all his possessions.  
I once heard of a wise Western farmer who gave the advice to knock a man down if necessary, but under no circumstances to hurt his feelings! That farmer had the right idea.  
It is our feelings that float—or founder us. So they should always be kept in the healthiest, happiest condition.  
Never hurt another's feelings. Jesus understood human nature as no one else ever has. When they reviled, persecuted—and crucified Him, His only recorded words were these: "Father, forgive them—for they know not what they do." Jesus never hurt anybody's feelings. Because, you see, He was the world's and humanity's embodiment of love. And love never hurts.  
Never hurt another's feelings. How sensitive are feelings! More delicate in their ability to absorb hurt than the finest string instrument to radiate sound. One's feelings should never remain unscarred—for they are the most intimate of one's possessions. As personal as one's own soul—are one's feelings.  
Never hurt another's feelings. Then it shall come to pass that your own feelings will grow in warmth of expression and life—and your health and happiness will flourish—even as the "green bay tree."

Doris Jean Hoffman, 16-year-old first-year York Springs high school home economics department student, won the honor of champion cherry pie baker of Pennsylvania Saturday at the state contest held at Waynesboro high school.

**3,000 Scouts On Pilgrimage Here Saturday:** A third annual pilgrimage to Gettysburg on Lincoln's birthday next year was being discussed today by officials of the Keystone Boy Scout area following the success of Saturday's pilgrimage which attracted twice as many scouts as were here in 1949.

More than 3,000 Scouts, from the 39 councils in the state, marched through the streets of Gettysburg behind two bands Saturday morning, took part in ceremonies at the national cemetery, prepared their noon meal at five sites on the battlefield and then visited a number of historic sites on the battlefield before returning to their homes.

Pennsylvania's Governor James H. Duff spoke twice during the day. At the cemetery he told the Scouts, "We must quit talking of our American privileges and get down to talking of our American obligations. This is the true meaning of Scouting, that is teaches young men the responsibility of citizenship."

At a luncheon held at the Hotel Gettysburg after the cemetery program he told Scout officials, "We must preserve our national and our human resources." He praised Scouting for getting the children out of the cities and into the "woodlands and fields. From the good earth they will draw love of our nation."

Mrs. Sneeringer, Queen Of Hearts: Mrs. James Sneeringer, Baltimore street, was selected as Queen of Hearts Saturday night at the annual Valentine dance held by the Epsilon Delta chapter of the Beta Sigma Phi sorority at the Gettysburg high school. Approximately 400 were present for the dance in the high school gymnasium.

**Governor Asks Turnpike Commission For Additional Interchange On Route 15:** Governor James H. Duff told a reporter for The Gettysburg Times Saturday afternoon that he has asked the Pennsylvania Turnpike Commission to construct an additional interchange on the eastern extension of the Turnpike on U.S. 15 (Gettysburg-Harrisburg road) to "funnel" traffic off the Turnpike through Gettysburg and eventually to Washington.

**Lincoln Square: An Appreciation:** No one man has brought greater fame and so much world-wide recognition to Gettysburg than Abraham Lincoln, martyred 16th President of the United States.

His Gettysburg address, delivered here almost 87 years ago, is second to the Bible in foreign language translations, distribution and human appeal. Today, tenets expressed in that masterpiece of English literature more profoundly form the basis for freedom of the world over than ever before.

Lincoln and Gettysburg are synonymous.

Children, diplomats, Presidents and Kings recite Lincoln's Gettysburg Address with almost the same reverence they do a prayer. And each recitation or reading of this masterpiece carries with it a thought of this little Pennsylvania community.

With the deepest appreciation of what the Great Emancipator has done for Gettysburg, Pennsylvania, the nation and the world, The Gettysburg Times will, as of this date, February 11, 1950, the eve of the 141st anniversary of his birth, and forever after, refer to our own Center square

**WOMAN FREED OF HER ROLE IN 1938 CRIME**  
SPRINGFIELD, Ill. (AP) — A California housewife and mother who lived in secret fear for 18 years as an Illinois parole violator has been granted a full pardon.  
Gov. William G. Stratton, who announced the pardon of Irene Marie Robbins, 45, said, "She'll never have any problems from us."  
At her home in Gardena, Calif., Mrs. Robbins told a reporter: "I thank God for the governor and all those wonderful people who stood behind me. I'm so happy I could cry."  
**Cites Uselessness**  
Stratton said there was no point in breaking up the family of someone who has achieved the status of a good citizen.  
Mrs. Robbins, wife of an accountant, Franklin Robbins, and a leader in community and school affairs, had always wanted to reveal her secret but she didn't, not even to her husband or her four children.  
But her secret was disclosed Feb. 3 when sheriff's deputies arrested her as a parole violator from Illinois. She had been involved in a traffic accident and a fingerprint check disclosed she was the former Ruth Crum of the Chicago area who married and left Illinois in violation of parole.

**1938 Crime**  
In 1938 she had been sentenced to the Women's State Reformatory after pleading guilty to being an accessory to a burglary. She said she had waited in a car while a male companion committed the burglary. She was paroled after serving three years, married Robbins and left Illinois without permission of the Parole Board.

Such powers were necessary, Napoleon's cabinet officers told the plant French Parliament of that day, to save the Second Republic. But President Louis Napoleon Bonaparte used those powers to promote himself to Emperor Napoleon III and one-man ruler of the glittering Second Empire, 1852-70.  
Bismarck's Prussian battalions, in Franco-Prussian War, ended all that. The Third French Republic emerged. Our own generation cut its collapse under Hitler's blitzkrieg of 1940, French liberation, 1944, ushered in the chaotic, inadequate Fourth Republic.

**HUNTERSTOWN** — In observance of the beginning of National Boy Scout Week the Hunterstown Cubs, Boy Scouts and Explorers and their leaders attended worship service at the Methodist Church Sunday morning.  
The Methodist Church was well filled Sunday morning when the Presbyterian congregation worshipped with them. Sunday both congregations will worship in the Presbyterian Church.  
Mr. and Mrs. Raymond Slot-hour have purchased a building lot along the Granite Rd. from Mr. and Mrs. Albert Plank.  
Due to illness the crowd at the cooking demonstration at the kitchen of the Manufacturers Heat and Light Co., York St., was not as large as expected. The door prize was won by Mrs. Alfred Young. The food prepared during the evening was won by Mrs. John Miller. Mrs. Esta Reedy, Miss Gail Bell, Mrs. Percy Catchings and Mrs. William Mosser. The affair was for the benefit of the parsonage repair committee of the Presbyterian Church.  
Miss Beryl MacPherson, Littlestown, spent the weekend with her brother and sister-in-law, Mr. and Mrs. C. W. MacPherson.  
Mrs. Bertha Ford spent Saturday visiting relatives and friends at Mt. Holly Springs.  
It is hoped that every one who can will attend the meeting of the Women's Mission Society of the Presbyterian Church at the chapel Friday evening. A group of gospel singers from Seven Valleys will furnish music.

**Mitchell Denies Bid For Office**  
STEMMIT, N. J. (AP) — Secretary of Labor James P. Mitchell says he is not a vice presidential candidate. He explained that traditionally there is no such thing. "History shows that in our country nobody runs for vice president," Mitchell told a Lincoln Day dinner sponsored by the Union County Republican Committee.  
"It's up to the presidential nominee and the convention to select the candidate."  
For any American to say he would not be flattered to be considered for the nation's second highest job would be untruthful, Mitchell said at a news conference preceding the dinner Thursday night.

**HOPKINSVILLE, Ky. (AP) —** Motorists traveling U. S. 41 from Chicago to Miami no longer will pull up short after seeing this sign at nearby Crofton:  
"Warning: Speed trap operated by local parasites."  
Motel owner Joe Noffsinger, 41, who erected two such signs, agreed Friday to take them down after the prosecution agreed to drop criminal libel charges against him.  
"The situation has been remedied," Noffsinger said.

**DE GAULLE** now has more power than any Frenchman is about a hundred years. One must go back to Louis Napoleon Bonaparte, president of the Second French Republic, founder and emperor of the Second Empire, to find an equivalent "strong man" in France. There are other political similarities.  
The younger Napoleon got himself elected president of the bright, new Second French Republic, 1848. Parliament was then induced, under a Constitution not vastly different from that De Gaulle wrote in 1958 for his present Fifth Republic, to vote President Louis Napoleon Bonaparte sweeping powers.  
Such powers were necessary, Napoleon's cabinet officers told the plant French Parliament of that day, to save the Second Republic. But President Louis Napoleon Bonaparte used those powers to promote himself to Emperor Napoleon III and one-man ruler of the glittering Second Empire, 1852-70.  
Bismarck's Prussian battalions, in Franco-Prussian War, ended all that. The Third French Republic emerged. Our own generation cut its collapse under Hitler's blitzkrieg of 1940, French liberation, 1944, ushered in the chaotic, inadequate Fourth Republic.

**THE ASSEMBLY, with little debate, granted the powers by the overwhelming vote of 441 to 75. The French Senate a day later concurred with a vote of 235 to 75.**  
These overwhelming votes, making De Gaulle dictator for a year, left many Americans asking what had become of the notorious individualism of French legislative bodies that once ignored French presidents and threw out of office as many as three prime ministers in a single month.  
The answer is simple. Under

## Bullets Pulverize Wagner 98-57; Frosh Win Second; Play At Annville Tonight

Gettysburg College, scoring at will, had little trouble in wallowing highly rated Wagner, 98-57, Friday evening in the Eddie Plank gym before 900 fans.

Coach Bob Hulton's cagers landed 37 of 70 field attempts for 53 per cent to capture their 11th win against seven setbacks. Wagner, 11-6, ripped the cords for 25 of 65 goal attempts for 39 per cent.

After 56 seconds had elapsed in the game Bill Fitzkee landed a foul for the first score of the contest. Twelve seconds later the Seahawks tallied on Harold Jung's free toss. This was as close to the lead as the visitors could come. Ron Warner snapped back with a lay-up on the fast break and a foul. Coach Herb Sutter's New Yorkers did not score their first field goal until the 10-minute mark of the initial half.

The foul shooting on the part of both teams during the first half was at its very best. The Bullets rammed through 14 straight before Fitzkee missed in the late seconds of the half. The Seahawks connected on their first five before Walt Brook's toss fell short seconds after Fitzkee's. At intermission the Bullets had tossed in 16 of 19 fouls and 16 of 29 field shots for a 48-21 lead.

The second half was almost a play back of the first 20 minutes. The Bullets jumped ahead and steadily increased their lead. Gettysburg bottled the Seahawks on the boards as each member of the squad rebounded well. Fitzkee was top man with 10 while each teammate chipped in with one or more. Fred Black-

## BIG O SCORES 11 POINTS IN FIVE MINUTES

By JACK CLARY  
Associated Press Sports Writer

When the Big O goes after you on a basketball court, man you have had it.

Oscar Robertson proved this Friday night when he battered down a tough St. Louis team with 11 straight points in the last five minutes to lift his top-ranked Cincinnati Bearcats to a 60-57 basketball victory.

He did it in All-American fashion. Cicely trailed 50-47 with 5:24 left when the Big O drove in for a three-point play that tied the score. Then he hit on a jump shot and canned two layups.

When St. Louis moved to 56-53, Robby filed the killing burst with a two-pointer that ended St. Louis' hopes for an upset.

Has Scored 2,694

Robertson scored 31 points—he now has 2,694 for his career and 731 this year—in all but assuring the Cats at least a tie for the Missouri Valley Conference title. Bradley, second-ranked nationally, plays Drake tonight and a victory will again knot the race. But the Braves still must face St. Louis—and they don't have Robertson.

California, ranked third in the latest Associated Press poll, got by one of its biggest hurdles to the Big Five title in beating Southern California, 57-46. The victory avenged the only defeat on its 18-1 record. Cal's record matches Cincinnati's log.

Other Games Tonight

Tonight, Cal plays UCLA in another Big Five game while fourth-ranked Ohio State, making a run-away of the Big Ten race, has a toughie in Iowa. West Virginia, ranked fifth but still smarting from its upset Thursday by St. John's, is at Richmond in a Southern Conference game.

Another toughie involving a top ten team finds eighth-ranked Villanova facing NYU in part of a Palestine doubleheader in Philadelphia. Utah State (No. 7) also has to hustle to get by Brigham Young in a Skyline Conference game. Utah (No. 9) is at Montana.

Georgia Tech (No. 6) plays little Georgia Teachers while 10th-ranked Miami (Fla.) is idle after its surprise defeat by Seton Thursday.

## ORTEGA LOSES TO GRIFFITH

By JACK HAND  
NEW YORK (AP)—Emile Griffith, a bright new face in the welterweight division, has cleared the first hurdle in his campaign to win wider recognition.

The 21-year-old shipping clerk owns a split decision over experienced Gaspar Ortega of Mexico after his first main event in Madison Square Garden.

There was a little confusion after Friday night's fight due to an error by announcer Johnny Addie in reading the scorecard of referee Harry Ebbets.

"Referee Harry Ebbets and Judge Bill Recht vote 8-1-1 for Griffith," said Addie. "And Judge Artie Aidala votes 7-3 for Griffith."

After a hurried consultation and a protest from Ebbets, Addie grabbed the microphone again.

"It is my error," he said. "Referee Ebbets' vote should be 8-1-1 in favor of Ortega."

There was a gasp from the crowd of about 2,500. Apparently most of them thought Ebbets was right the first time. A ringside poll of newsmen returned a unanimous 12-0 ballot for Griffith. The AP card had Griffith on top 6-3-1.

Littlestown High hurdled a big obstacle in its path to the Adams Division championship of the Adams-Franklin League by defeating Scotland 48-35 Friday evening on the Thunderbolts' floor.

A terrific defense which found the Bolts outclassing the Cadets on rebounds 30-22 was the big payoff factor for Coach Jack Bream's outfit. It was the first time Scotland was out-rebounded. Bob Benner snared 11 for the Bolts and also took the scoring honors with 17 points. After trailing 6-5 at the end of the first period, Littlestown went ahead 21-18 at half time and then iced the game by outscoring the invaders 15-2 in the third frame. Only four fouls were called against Littlestown.

New Oxford In Squeaker  
New Oxford had to go all out at Fairfield before gaining a 62-58 victory in a game was close from start to finish. Inability to connect consistently from the foul line proved costly to the losers who bagged but 21 of 44 free tosses. New Oxford converted 20 of 27. Phil Banker scored 19 for the Colonials, 11 on fouls, with Homer Hafer and Dick Diehl each netting 12. Joe McCauslin sank 19 for Fairfield, John Mort 13 and Randy Inskip 11.

Bermudian grabbed an 18-3 lead in the first half to register an easy 53-32 triumph over Quincy at East Berlin. Scoring picked up in the second half after two slow periods but the invaders could make little headway as Bob Murphy's outfit matched it opponents throughout. Craig Hoke was top man of the evening with 16 points. Stoops tallied 13 for the losers.

In other games Greencastle routed James Buchanan 83-63 and St. Thomas topped Fannett-Metal 53-45.

HOCKEY DUEL FOR PLAYOFFS  
By THE ASSOCIATED PRESS

Springfield's Indians and Rochester's Americans have just about locked up the first two playoff spots in the American Hockey League. But there is a merry duel going on between Buffalo's Bisons and Providence's Reds for third and fourth.

While Springfield was strengthening its hold on first place Friday night with a 4-2 victory over Cleveland, and Rochester was tightening its second place grip with an 8-2 decision over Hershey, Buffalo moved into sole possession of third at the expense of Providence, 3-1.

The Bisons, scoring twice while short handed, took a two-point lead over the Reds. Wayne Hillman was in the penalty box when Bill Dea fired the first at 16:16 of the opening period. After the Bisons had moved out in front 2-0 on Larry Wilson's second period goal. Gus Mortson made it 3-0 in the same stanza while the Reds had a manpower advantage.

Marcel Paille, Springfield goal tender, turned in one of his best games since being sent down by the New York Rangers as the Indians held to their six-point lead. The Americans erupted for seven goals in the last period in downing Hershey. Dick Van Impe started the deluge at 1:40 and Billy Hicke ended it at 19:24 with his second goal of the period.

A strong second half gave the Gettysburg High dribblers a 60-41 triumph over Carlisle on the latter's floor Friday evening in a South Penn League game.

The Warriors were on the short end of a 22-21 halftime score but broke loose for 20 points in the third period and went on for a comparatively easy victory.

Bob Furney, who turned in one of his best performances, collected nine of his 23 points in the first quarter when the Warriors trailed 17-15 Joe Lins and Barry Debol sparked the Herd to its advantage.

Neither team could get its offense clicking in the second frame. Furney and Hardy Nichols landed the only Gettysburg goals with Roger Ecker and Jimmy Townsend converting fouls. Lins added a pair of goals and a foul for Carlisle's production during the period.

Nichols On Rampage  
Nichols rammed through four fast goals for the Warriors to open the second half and the Forneymen were on top from then to the finish. Mike Small looped two goals and a foul, Furney a goal and three free tosses and Ecker a twin-pointer as Gettysburg raced ahead 41-29 at the end of the third quarter.

age space to the house. Aim at having storage space that is easy to get to, convenient, and hazard-free.

All objects should be stored near the point of use and within easy sight, reach, and grasp. A few guides to planning storage units are:

Avoid having shelves more than 72 inches from the floor. Use adjustable shelves for children's toys and clothing.

Build shelves that will support the weight of objects to be stored. Sturdy construction helps keep shelves from tipping or collapsing.

Use full front openings on closets. They provide more efficient, less hazardous storage than the conventional door which limits access to storage space.

Have storage space well-lighted. A switch that automatically turns on an on as a closet door is opened is a good choice. To avoid fire hazard, place the light bulb so it is not in contact with flammable materials.

**Full Remodeling To Farm Family**

When planning to remodel the farmhouse, consider family needs and patterns of activity. Some areas that need special attention are:

1. Main entrance. Since visitors and family members may come into the house from the driveway more frequently than from the road, it may be convenient to have the main entrance on the driveway side of the house.

2. Service entrance. The kitchen entrance should be within easy access of the driveway and farmyard, but the main line of traffic should not go through the kitchen.

AIKEN BACKS NEW PROPOSAL ON TEST BAN

By JOE HALL

WASHINGTON (AP) — Sen. George D. Aiken (R-Vt.) said Friday a nuclear weapons test ban along the lines of the new U.S. proposal should have a good chance to win Senate ratification.

Aiken and several Democratic senators joined in commendation of the proposal, although some said there didn't seem to be much hope it would break the deadlock in the 15-month-old Geneva talks.

Initial Soviet reaction supported that idea.

**Russians Negative**

"Our reaction is negative," Soviet Delegate Semyon K. Tsarapkin told newsmen in Geneva. "These proposals cannot serve as the basis for any sort of agreement."

But U.S. officials expressed hope the Soviet Union would take a more favorable attitude after a thorough study of the proposals. Otherwise, they said the Geneva negotiations will be threatened with collapse.

Some Democrats in Congress said they had long advocated just such a plan as President Eisenhower announced Thursday.

**Chance To Bipartisanship**

Sen. Mike Mansfield (D-Mont.), the Democratic whip, commented that it was "a good way to display bipartisanship" when the administration "takes up recommendations from the Senate."

The proposal, formally presented to the Soviets in Geneva, calls for a ban on all sea and air atomic and hydrogen blasts, as well as large explosions in underground tunnels.

Small underground shots would be permitted initially, but Eisenhower's proposal also left the way open for extending the ban to them. He suggested the agreement could provide for joint East-West experiments to improve detection techniques to the point they could catch even small sneak explosions.

The Soviet Union has held out for a ban on all nuclear tests. The new U.S. offer proposes to ban all that can be detected with certainty.

Place doors or hallways so family members and workers may reach basement stairs, workroom, washroom and kitchen without interrupting work in the food preparation area.

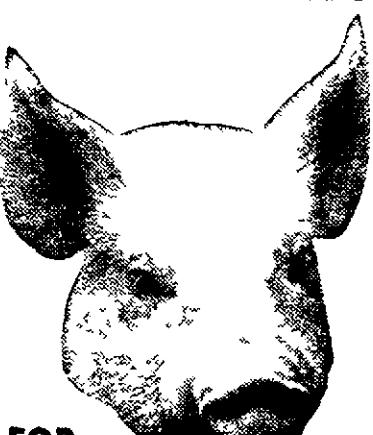

3. Washup room. So workers can clean up as they come in from the barns and fields, have a small room with a washbowl, toilet, shower, and storage facilities near the rear entrance.

4. Workroom. A well-lighted, well-ventilated, and well-planned workroom for laundering is a must. The best location for it is on the first floor near the kitchen. If it is large, it may be suitable for other jobs, such as food processing and preservation.

5. Business center. Plan to make a room or part of a room into a business center where family members can work on accounts and records.

NEW YORK (AP) — Crime in New York City rose 18 per cent last year for the sixth straight annual increase. Police Commissioner Stephen P. Kennedy said in his annual report Thursday that arrests were up 12 per cent and felonies rose 48 per cent. However, there was a 49 per cent decrease in arrests of persons under 16, the first time since 1953 that a drop occurred in that category.

Reds Permit Cardinal's Burial In His Cathedral

ZAGREB, Yugoslavia (AP) — The Yugoslav government reversed itself Friday and authorized the burial of Alojzije Cardinal Stepinac in the Roman Catholic cathedral here.

The government previously had requested church authorities to bury the prelate, who died Wednesday, at his native village of Krasic, 40 miles west of this Croatian capital, where he had been a paroled prisoner of the Communists for the last nine years.

The earlier restriction to Krasic was widely regarded as due to government fear of possible demonstrations.

Buddy De Sylva, composer of "When Day Is Done," "Button Up Your Overcoat" and other hit tunes, began song writing when he was a student in the University of Southern California.

The plane was on a training mission from the Whidbey Island Naval Air Station.
